updated retail news

Robert Clack  
Retail & Commercial Director  
May 2020

It's important to remember that this current situation won't last forever and it's really important that once we come out the other end, you are ready with a viable retail offer.

The majority of the NFSP's retail partners are continuing to operate and are 'open for business', albeit subject to the same challenges we all face at this time.

On that basis, we have put together this document to share some of the latest information and offers from our partners.

All businesses listed here are official partners of the NFSP and offer you, as a member, great products at very competitive prices.

Don't wait until this crisis is over before you act. It's important you are able to maximise sales once we 'return to normal' on the High Street.

**IPS Retail are an extremely dynamic company specialising in the marketing and distribution of a wide range of brand leading products to the UK sub post office network.**

As the only dedicated wholesaler for the sub post office network in the UK, we are partnered with the NFSP as their official packaging and stationery supplier. In today's demanding retail environment, it is vitally important for subpostmasters to diversify their retail offering. To help achieve this, we have and continue to work closely with sub-postmasters across the country developing product ranges, services and opportunities for their retail environments.

We like to develop strong relationships with our sub-postmasters and their feedback is our motivation. Our loyal and growing customer base is our testimony.

*"I've been buying from IPS Retail for many years and they offer a great personal service. I have a dedicated account manager, Harneet, who is always on the end of a phone when needed – even sometimes just for a chat! IPS offer great competitive prices and are always looking at the market to offer the best prices and promotional offers which saves me doing so."*

# Packaging & Mailing

In the packaging arena, we have developed and are distributing one of the fastest growing mailing solutions ranges for retail in the UK. Our ranges are constantly updated to maximise and conform to Royal Mail size guidelines where appropriate.

We stock the extremely popular ParcelBox and ParcelBag range of mailing boxes and bags. These include boxes accredited by Royal Mail and specifically designed to fit and maximise Royal Mail 'Small Parcel' posting.

We also stock a full selection of paper envelopes in different weights and pack sizes along with a wide range of bubble padded envelopes from all the leading brands (Featherpost, Jiffy and Mail Lite).

## Stationery

We carry a full range of branded stationery from all major brands and an increasing range of budget products to cover all requirements.

Our stationery ranges are selected by sub-postmasters ensuring that they are the fastest selling lines found in a sub post office retail outlet.

# The Royal Mint

The Royal Mint Commemorative range of coins and gifts provide an additional and popular revenue stream to your retail offering.

Renowned for their quality, the coins have an extremely loyal base of customers and collectors alike and are also an attractive purchase by tourists.

Many events occur around the country throughout the year that are commemorated by The Royal Mint. An event taking place near your retail outlet presents a fantastic opportunity to offer the relevant range to your customer. Recent examples include events such as:

- The Dinosauria Collection
- The 75<sup>th</sup> Anniversary of VE Day
- British Music Legends - Queen

But it's not just the events that provide retail opportunity. The ranges also include 'everyday' lines, ideal as wedding gifts, baby and christening gifts and birthday presents.

Being a Royal Mint retailer is adding a prestigious brand to your offering and makes you stand out from your competition on the High Street.

# New Opportunities

Many new and different suppliers approach us wanting to offer their products to the sub post office network.

With our team's expertise we discuss the opportunity a supplier has to offer and package up the most suitable deal and present it to the whole subpostmaster network. The aim is to offer new and innovative products and opportunities that subpostmasters may never have had the opportunity or even the thought of offering to their customers. For example, subpostmasters across the UK have done extremely well from selling Royal Mint coins, Lonely Planet guides and books and Ryder Cup memorabilia, something they would not normally have had the opportunity to do.

## Member Benefits

IPS have an unparalleled loyalty scheme "IPS Rewards" which has been running since June 2019 with many members benefitting from it by spending their points on products.

**Free Usables** - every month we give away a FREE\* monthly pack of stationery consumables for use in your post office.

\*Free with a single order of £60. T's & C's apply.

**Price Match Promise** - IPS proactively price matches all valid competitor offerings to ensure that sub-postmasters always get the best prices.

**Purpose built website** for sub-postmasters which is simple to use and offers order tracking, purchase history, margin calculators, purchasing profile and all the latest offers and opportunities in one place!

If you are interested in finding out more and becoming part of our growing network of Postmasters, please get in touch by telephone by email or via our website.

We look forward to speaking to you!

The Facebook™ ID Booth provides Passport and Driving Licence approved photographs. Photographs include the UK ID format (45mm x 35mm) and the US/India format (50mm x 50mm).

Facebook™ offers a variety of commercial models and hassle free managed services which includes onsite maintenance for hardware issues or remote support over a mobile network for software issues.

Facebook™ is a proven 'ultra small' footfall generator with integrated mobile technology, including notes and coins as payment options.

Our booths are the ideal addition to any high volume locations such as post offices, newsagents, shopping centres, supermarkets, airports, travel stations, universities etc. Their small size and visual appeal mean that the Facebook™ photobooth is suitable for almost any location, offering your customers easy access.

The Facebook™ photobooths are fully compliant with the standards issued by the Identity and Passport Service, meaning our booths provide quality approved ID photographs.

Otter House are working closely with its suppliers across China and the world, to support and manage the impact of coronavirus on our colleagues and our supply chains.

For 2020 we are in a position where we hold strong stock quantities for 95% of our collection, with the only exceptions being standout designs which have proven stronger sellers than we forecasted. We are monitoring stock across our ranges regularly and actively reprinting lines where necessary.

At present all supply chains are active and lead times are reasonable, but we are making contingency plans if this situation were to change. We are working to minimise potential delays and are aiming for our range availability to remain high throughout 2020.

We will keep our customers updated with significant news on future stock delays but at this time we would encourage you to order early to ensure you have access to all the stock you need.

Please speak with your Sales Representative or our Sales Administration team for further details.

Thank you for your understanding in this uncertain time.

**LOVE**  
ENERGY SAVINGS

## OUR MISSION

Call us crazy but we believe the business energy market should work for businesses, not just suppliers. That's why we've made it our mission to stamp out inflated and inflexible tariffs which hurt our high street.

## HOW DO WE DO IT?

We've developed a strong partnership with the National Federation of SubPostmasters to help their members compare prices and switch their electricity & gas with a brand they can trust.

## WHAT WE DELIVER...

# DON'T MISS OUT!

**Britain's network of Post Offices could be sitting on millions of pounds in untapped energy savings, according to one business owner.**

**Stuart Rogers, a council member for the National Federation of SubPostmasters (NFSP), is urging SubPostmasters to explore their energy options in a bid to boost their bottom line.**

Mr Rogers, 51, runs a Post Office in Ashburton; a small town in Devon. He recently saved £400 on his energy bills by renegotiating his tariff through Love Energy Savings. Mr Rogers is confident that his experience isn't unique and could be replicated at countless other Post Office branches across the UK - some 11,600 of them - equating to potential savings of around £4.6m for the network as a whole. He said "I'd encourage my colleagues in the NFSP to take a closer look at their energy contracts. After all, every pound you save goes back into your bottom line." Mr Rogers turned to Love Energy Savings when his five-year contract with Opus came to an end. He's now signed a cheaper three-year deal with the same provider. The Ashburton Post Office is a shining example of how today's branches can adapt and modernise to stay relevant.

**Call us today on 020 3903 9660 to see how we can help you save money on your energy!**

## What's different about our plans?

- You choose a mixture of plans to suit your business and budget for two or more employees.
- The price of the plan is the same for all ages 16-69 years and all applicable taxes are included.
- Employees can upgrade and add family if they want to pay separately.
- There are no medical questions. Pre-existing conditions in the three years before the plan starts are excluded.
- When it comes to cancer, fast diagnosis is the key to getting the treatment you need quickly, so cancer diagnosis is covered on all plans starting from £17 ppm. Once cancer is diagnosed, we will support and guide you back into the NHS for treatment.
- Stress support at £1.50 ppm and Dental & Optical at £7.50 ppm are options available to businesses to add across the plan.

Investing in a health insurance plan for your employees can help you to build a happier, healthier, more engaged workforce.

# LIFE AFTER LOCKDOWN

The current movement restrictions can be very stressful, but it's important to remember that this situation will not last forever. When we come out the other side, make sure you're ready with a viable retail offer

**Here are our eight top tips to help you prepare for the lifting of lockdown:**

## 1 NFSP RETAIL PARTNERS

If your current suppliers are unable to process your orders, contact the NFSP's retail partners for great products at competitive prices. We can help with all retail categories: greeting cards, stationery and packaging, mobile phone accessories, insurance, and much more. See [page 31](#) for a full list of our partners.

## 2 TAKE STOCK

Check your current stock levels and make sure you have a good idea of how much you will need when the crisis is over.

With a plan in place, you'll have a much better chance of maximising your sales.

## 3 SOCIAL MEDIA

With Facebook, you can promote any new ranges and categories, remind your customers that you are there for them, and even attract some new ones. For help setting up a Facebook account, get in touch at [communications@nfsp.org.uk](mailto:communications@nfsp.org.uk)

## 4 NEW PRODUCTS?

Now is a good opportunity to reflect on your current retail offer. Are there any items that haven't been performing well – even before the lockdown? Do you need to rethink what you stock?

## 5 WINDOW DISPLAYS

Why not do something different with your window displays?

Once the customers start coming back, they will notice the changes.

Get creative and grab their attention!

## 6 SPRING CLEANING

Use this time to give your store a spring clean, tidy those areas you always wanted to, and clean down your shopfront.

## 7 COMMUNITY ENGAGEMENT

Find new ways to interact with your community. Try organising coffee mornings, cake sales, and fun runs. This will help you to build strong relationships and retain customer loyalty.

## 8 NFSP WHATSAPP GROUPS

Get in touch with your NFSP colleagues to find out what other subpostmasters are doing. Our WhatsApp groups are sharing lots of useful advice. To join yours, contact [communications@nfsp.org.uk](mailto:communications@nfsp.org.uk)

We're here to help. If you're having any difficulties obtaining retail stock or would like help with maximising your sales after lockdown, call the **NFSP RETAIL HELPLINE** on **01273 452324** (option 3) or email [retail@nfsp.org.uk](mailto:retail@nfsp.org.uk)

# NEED HELP WITH YOUR RETAIL?
